

# AMERICAN HEALTH ASSOCIATION

COMMITTED TO EXCELLENCE IN EDUCATION AND TRAINING

Congratulations! You have successfully completed an American Health Association training class and are now certified in the course type listed below on your certification card.

This training was completed and evaluated in accordance with the American Heart Association (AHA) 2020 ECC guidelines and follows the recommended guidelines of the Occupational Safety & Health Administration (OSHA). This certification is self-contained in its course description and any unauthorized editing or tampering will render this certification void.

It is recommended that this training be renewed every two years.
